

The Papers of

OSCAR S. COX

Accession No. 68-1

The papers of Oscar S. Cox were donated to the Roosevelt Library on August 3, 1967, by Mrs. Oscar Cox. The literary property rights in them have not been donated to the United States Government.

Quantity: 84 linear feet (approximately 168,000 pages)

Restrictions: These papers contain documents restricted in accordance with Executive Order 11652; also material which might be used to embarrass, harass or injure living persons has been closed.

Related Materials: Material relating to Oscar Cox will be found in PPF 8746 (Oscar Cox). Material related to his service in the Treasury Department will be found in PSF: Treasury and OF 21 (Treasury Department); Lend-Lease Administration in PSF: Lend-Lease and OF 4193 (Lend-Lease Agreements); Office of Solicitor General in OF 10-F (Solicitor General); and Foreign Economic Administration in OF 5430 (Foreign Economic Administration).

Oscar Sydney Cox was born in Portland, Maine, on December 3, 1905. He attended Massachusetts Institute of Technology, and received his Ph.B. (1927) and LL.B. (1929) from Yale University. Cox was associated with the law firm of Cadwalader, Wickersham and Taft, and a member of both the Supreme Court and New York bars from 1929 to 1934. He was appointed the City of New York's assistant corporation counsel in charge of taxes (1934), and held this post until 1938. His federal government career began in 1938 when he was appointed Assistant to the General Counsel, U. S. Treasury Department, a post he held until 1941. Cox then served as General Counsel of both the Lend-Lease Administration and the Office of Emergency Management (1941-43); Assistant Solicitor General of the United States (Feb., 1942-Dec., 1943); General Counsel, Foreign Economic Administration (Dec., 1943-Jan., 1945); and Deputy Administrator, Foreign Economic Administration (Jan.-Oct., 1945). Mr. Cox died in Washington, D. C. on October 4, 1966.

The papers are of an official nature, except for personal correspondence which is confined to paragraphs in otherwise official letters, and the diaries. They reflect Cox's involvement in all of his federal government posts, but because of his many assignments, often held concurrently, the files overlap. For example, documents relating to his posts as General Counsel, Lend-Lease Administration and Office of Emergency Management, are located both in the files pertaining to lend-lease and the Justice Department.

The papers are arranged into eight series as follows:

Series I. (Containers 1-37). Alphabetical File.

Correspondence for the period 1938-45 arranged alphabetically

- 2 -

either by surname of correspondent or by subject. This file has been arranged from several small files covering the entire period, and relates to his several governmental functions.

Series II. (Containers 38-58). Treasury Department File.

Correspondence for the period 1938-41 (Containers 38-50) arranged alphabetically by subject. This series is concerned with Treasury Department matters during Cox's tenure as Assistant to the General Counsel. Containers 51-58 are copies of Congressional bills and resolutions relating to the Treasury Department, filed chronologically.

Series III. (Containers 59-77). Justice Department File.

Correspondence for the period 1941-43 arranged either alphabetically by subject (Containers 59-69) or chronologically (Containers 70-77). This material deals with Justice Department and Office of Emergency Management matters while Cox was employed as General Counsel for O.E.M. and Assistant Solicitor General of the United States.

Series IV. (Containers 78-121). Lend-Lease File.

Correspondence for the period 1941-45 arranged alphabetically either by surname of correspondent or by subject (Containers 78-107) and chronologically (Containers 108-119), with two containers of newspaper clippings. The material is concerned with official matters while Cox was serving as General Counsel, Lend-Lease Administration. Also contains material relating to the Foreign Economic Administration.

Series V. (Containers 122-132). United Nations File.

Correspondence for the period 1944-45 arranged alphabetically by subject. As a result of Cox's association with the Foreign Economic Administration he became involved with planning for the United Nations.

Most of the materials deal with the Bretton Woods and San Francisco Conferences.

Series VI. (Containers 133-139). Subject File (1944-66).

Correspondence arranged alphabetically either by surname of correspondent or by subject. Included in this series is a folder "V.I.P. Letters (1945-66)," and files on personal matters.

Series VII. (Containers 140-152). Diaries and related Material.

The diaries cover the years 1938-1945 and 1951-1952. Daily calendars and reminders are also filed in this series.

Series VIII. (Containers 153-156). Clippings File.

Newspaper clippings, generally arranged by topic, however, there is a chronological file for 1945. Also included is a folder entitled "Maps." The bulk of this material covers the period 1943-45.
